Sandstone circles can enable you to create a real focal point in your garden, available in a range of sizes and colours they are ideal for small courtyards or larger gardens alike.

Our beautiful sandstone circles create a beautiful focal point irrespective of the size of your garden. Available in seven colours and three diameters of sandstone circles, you have plenty of choice when it comes to choosing the right style for your garden.

The sandstone circles come in 1.8m, 2.8 and 3.6 metre diameter. Partner up the outer ring with sandstone setts to make a finishing border. Why not add a sandstone sphere in the middle of the circle for a focal point? Or, a sandstone seat to create the perfect outdoor area.

Colours vary in all natural stone products, all the images shown are as a guide only.

A palisade is a wooden or stone fence or wall of variable height, used as a defensive structure. Often, a palisade would be constructed around a landscape as an astounding fencing. Typical construction consists of small or mid-sized blocks of stones aligned vertically, with no spacing in between. The height of a palisade can range from a few feet or more to nearly six feet.
